### **New website is up!**

We are excited to announce that the new website is up and running. It is a lot easier to navigate and the information is much more compartmentalized. We are still ironing out a few things but I hope you all take a few minutes to check it out.

### **2010 class schedule**

The 2010 schedule should be out by the first week of December and a newsletter will go out with all the dates as well. We are happy to announce that we will be hosting Tactical Response Inc. in 2010. The following two-day Tactical Response courses will be offered:

Fighting Pistol  
Fighting Rifle  
Force on Force

For information on how you can schedule your Tactical Response course at our range you can:

Visit [www.tacticalresponse.com](http://www.tacticalresponse.com)

Or call me at 970-381-8188

All students who have never attended at Tactical Response class can ask how you can save \$50.00 off your first class.

Our 2010 schedule will feature some new and exciting classes to our line-up. Coming soon!

Close Quarters Battle  
Gun Fighting in Urban Dwellings-2 in one day.  
Many more....

### **UP COMING FREE CLASSES**

December 5<sup>th</sup> 3 FREE classes in one day

Vehicle Gun fighting from 9-12pm  
Tactical Medical from 1-4pm  
Low Light Night Fighting 4pm – 5:30pm

We only have 5 slots left for this awesome training experience. We will top to the class out at 20 students.

## New Indoor Range coming soon!

It is no secret that we have been working hard to bring you the most progressive indoor shooting range in Colorado. We have had many inquiries in the last few months and we feel it is time we address our 500 + student base and give them the latest information.

At this point we envision 15 25 yard lanes to begin with. 15 more lanes should follow shortly after. We will build a new gun store at the back of the building and move the entrance to the north east corner.

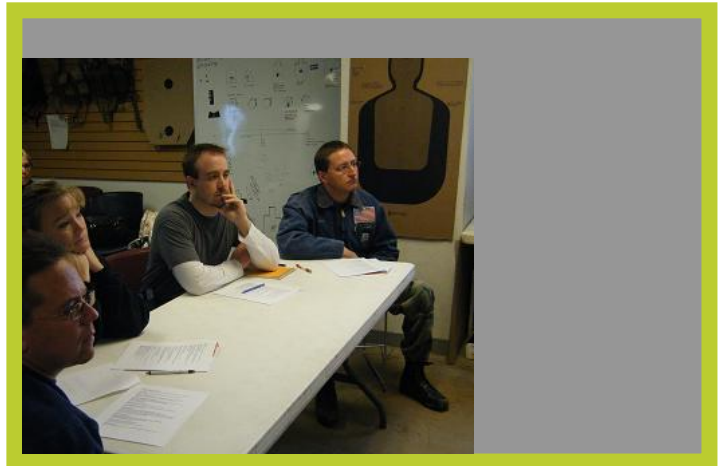

The new range will feature a dedicated classroom that can accommodate up to 25 students. It will also feature a huge expansion area that we can use for Force on Force classes, martial arts classes, and additional classrooms as we grow.

The range itself will be unlike anything else in Colorado. At other ranges they do not allow you to do 360 degree scans, draw from a holster, basically treat you like a child. We will not only allow it, WE WILL ENCOURAGE IT. We will also have the capability to bring vehicles on the range for our vehicle gun fighting classes.

Memberships and day passes.

At this time we know for sure we will offer one year memberships and three months prior to the opening we will offer a one-time only offer to our students of \$100.00 off one year membership if they get a one year membership in that three month construction phase. We are also still trying to see how to accommodate those who do not want to purchase a year membership but want to shoot on a day pass. While I can assure you this will happen, we just are not sure how it will be implemented.

We are working hard to bring this vision to reality. We know there are many like minded people in the area. If you are interested in being part of this project or know someone who would like to invest or provide professional services we would appreciate it.

## Christmas Specials

- \$25.00 off any new pistol PLUS 1 box of practice ammo.
- \$100.00 off any new in-stock AK-47/74.
- \$10.00 off any X300 Tactical Pistol Light.

- \$10.00 off any in-stock Combat knife.
- FREE cleaning patches and grease with any new gun purchase.
- .Training barrels, Medical Kits, hand held tactical flashlights, and holsters are back in stock

“It’s about doing the work.....when no one is looking.”

## AK Lightning Bolt™

We are very excited to announce that our AK Lightning Bolt™ which I invented and trademarked in 2007 has received its first order from the U.S State Department. They purchased several units for a test and evaluation for use in Afghanistan. While it may be a long shot as far as fielding a large order, the possibilities are there and we have recently doubled our wholesale dealership nationwide. It is nice to know that something I make is used by Private Security Contractors and other NGOs worldwide in the war on terror.

### New product about to launch. AK Lightning Lever™

This product will allow the user to speed up how fast the gun goes from safe to ready and back again. It can be used alone or used with the AK Lightning Bolt™ to really get that gun into action fast. You can watch videos of the AK Lightning Bolt™ on youtube and see the AK Lightning Lever™ in action as well. It is in use on all my AK's and has completed a grueling 1 year in house test. We should be launching it with all of our dealers as well as at the shop by the first week in December.

### Firearms liability insurance.

We were made aware of this type of insurance a few months ago and now attach it to all of our class information. It covers the following:

Liability with accidents

Pays for legal representation in a gun fight

Coverages up to \$250,000.00

For more info come in the shop for a flyer.

**\*\*\*\*\*Slots are still available for the December 26<sup>th</sup> Advanced Tactical Pistol Course.\*\*\*\*\***

This class is always packed and if you liked our Tactical Pistol, you are going to love Advanced Tactical Pistol. Sign up now as we do cap this class at 12 students.

**“IT IS NOT ENOUGH THAT WE SURVIVE OUR GUN FIGHT..... WE MUST WIN IN ORDER TO SURVIVE”**
